I. GENERAL INFORMATION

Community Development Block Grant (CDBG) Programs receive funds from the U.S. Department of Housing and Urban Development (HUD) to state and local governments, who in turn, allocate them to private non-profit community development corporations, community-based organizations, city departments, and private for-profit corporations, for activities that benefit low and moderate-income areas or low and moderate-income persons.

The City of Chicopee's Community Development Block Grant (CDBG) Program is designed to expand opportunities for low and moderate-income citizens through the provision of public services, acquisition and improvements to public facilities, neighborhood improvements, housing and economic development opportunities.

Funding for the FY 2010-2011 Program year available under the CDBG Program is estimated¹ to be in the amount of \$1.4, of which approximately \$75,000 may be available public service activities.

Proposal Review

Once submitted, no proposal may be amended or substituted, unless the amendment has been requested or permitted by the City. The City, at its sole discretion, reserves the right to contact an applicant if additional information is required.

New Federal Requirement:

Every proposal must contain a D-U-N-S Number. How to obtain one is explained below. If you do not have a DUNS number you can register with Dun and Bradstreet at www.dnb.com and you will be issued a number.

About the D-U-N-S Number

Created in 1962, the Data Universal Numbering System or D-U-N-S® Number is D&B's copyrighted, proprietary means of identifying business entities on a location-specific basis.

Assigned and maintained solely by D&B, this unique nine-digit identification number has been assigned to over 100 million businesses worldwide.

A D-U-N-S® Number remains with the company location to which it has been assigned even if it closes or goes out-of-business.

The D-U-N-S® Number also "unlocks" a wealth of value-added data associated with that entity, including the business name, physical and mailing addresses, tradestyles ("doing business as"), principal names, financial, payment experiences, industry classifications (SICs and NAICS), socio-economic status, government data and more. The D-U-N-S® Number also links members of corporate family trees worldwide.

The D-U-N-S® Number is widely used by both commercial and federal entities and was adopted as the standard business identifier for federal electronic commerce in October 1994.

The D-U-N-S Number® was also incorporated into the Federal Acquisition Regulation (FAR) in April 1998 as the Federal Government's contractor identification code for all procurement-related activities.

Chicopee CDBG RFP 2010-2011

IV. ELIGIBILITY AND SELECTION

ELIGIBLE ACTIVITIES

Before preparing a request for funding, first determine if the proposed activity or project is an eligible activity. A list of eligible activities is on page ____ of these RFP instructions. See also the Code of Federal Regulations at 24 CFR 570.201-207 for an extensive description. A proposed project must be both an eligible activity and meet at least one of the three national objectives (listed below) to be considered for funding.

NATIONAL OBJECTIVES FOR CDBG APPLICATIONS

The **primary objective** of the CDBG program is to benefit low and moderate-income persons who earn at or below 80% of the median income and/or reside in census tracts with at least 51 % of the population at low and moderate-income levels. Priority will be given to those applications that meet national objective #1 as stated below. *Without exception, all CDBG program activities must meet at least one of the National Objectives listed below:*

- **National Objective 1:** Principally benefits low and moderate-income persons who earn at or below 80% of the median income (Code of Federal Regulations citation 570.208(a).)
- **National Objective 2:** Aids in the prevention or elimination of slums or blight (Code of Federal Regulations citation 570.208(b).)
- **National Objective 3: Not available under this RFP**

Section 570.208 of the Code of Federal Regulations lists the criteria to determine whether a CDBG-assisted activity complies with the national objectives stated above. The section related to National Objective 1 is summarized below.

BENEFIT TO LOW AND MODERATE INCOME PERSONS

The primary objective of the CDBG program is the development of healthy communities "by providing decent housing and a suitable living environment and expanding economic opportunities principally for persons of low and moderate income." [HUD requires that, at a minimum, **70%** of the CDBG money be used for activities that benefit low and moderate income people.]

Projects which claim to benefit low and moderate-income (LMI) persons must be designed to include participation by such persons. A CDBG-assisted activity "benefits LMI persons" if it meets any one of the four following tests:

1. The **Housing Benefit Test** for measuring lower income benefit.
 - 1) Housing-related CDBG activities "benefit" LMI persons only if occupied by low and moderate-income individuals and families.
 - 2) In multifamily buildings (3 or more units), at least 51% of the units must be occupied by low and moderate-income individuals and families.

2. The **Job Creation or Retention Test** for measuring lower income benefit. The business receiving CDBG assistance must justify that the assistance will benefit low and moderate-income individuals. There are two possible ways it can meet this claim:

- 1) At least 51% of the jobs created or "retained" by the business as a result of the CDBG assistance must be either filled by or "available to" low and moderate income individuals. (Jobs are to be counted on a full-time-equivalent basis.)
- 2) "Available to" means either: the job does not require special skills or additional education; or, the business agrees to hire someone and train them for the job. In addition, the business and city must try to ensure that low and moderate income individuals get first consideration for filling the job.

3. The **Limited Clientele Test** for measuring lower income benefit. Some CDBG-assisted activities are either facilities or services that, by their special nature, serve people who might frequently be lower income people. Examples include shelters for abused spouses, or senior citizen centers. HUD calls these "limited clientele activities." To determine whether one of these activities principally benefits lower income people, one of the following tests must be met:

- (1) Only lower income people are allowed to use the facility or service.
- (2) The activity requires users to provide information about their family income and size, and at least 51% of the users are lower income.
- (3) The activity is one that HUD "presumes" that 51% of the users are lower income. For example, HUD "presumes" elderly, homeless, severely disabled, and illiterate adults -- among others -- are lower income.

4. The **Area Benefit Test** for measuring lower income benefit. Many CDBG activities can benefit all people in an area, no matter what their income is. Examples include: street improvements, neighborhood facilities, and fixing the fronts of stores in neighborhood commercial districts. Such projects must meet the "area benefit test" if they are to be counted as benefiting lower income people. To meet this test, at least 51% of the residents of the "area" must be lower income.

In all cases, all applications scored under the low and moderate-income criterion will include review and scoring of the following:

- LMI benefit activity selected
- How LMI persons will be determined
- The number of persons to be served
- The percent of qualifying LMI persons to be served
- How the low and moderate-income persons will benefit

PERFORMANCE MEASUREMENT STANDARDS

All applicants that are awarded funding will be required to complete a **Performance Measurements Standards Form** that will be incorporated into your subrecipient agreement.

To facilitate that process all applicants must include a S.M.A.R.T objective statement in this application.

Please prepare a S.M.A.R.T. objective statement about your proposed project in the space after the examples.

S-Specific (Who, What, Where?)

M-Measurable (How Many?)

A-Action-Oriented (How?)

R-Realistic

T-Time bound (By When?)

Below are some examples of S.M.A.R.T. objective statements.
